1. Minutes of the 80th and 81st Meetings were read and approved.
2. Comdr. Bailey reported that a letter of promulgation had been prepared in draft form to meet the requirements of the Registered Publications Section of the Navy, which will be submitted to the four Chiefs of the Intelligence Agencies to ascertain if they are in agreement and will sign such a letter.
3. The question of distribution was continued and Comdr. Bailey reported that the Navy was agreeable to handling the entire JANIS distribution.
4. The question of approval of requests for copies of JANIS was discussed, and it was suggested that such approval be given by J.T.S. after coordination with J.C.S. Col. Bicknell will take up the matter of apportionment of cost of JANIS at the next J.T.S. meeting.
5. The Secretary presented a draft of a memorandum advising contributors of our new location.
6. Comdr. Bailey reported the Registered Publications Section may want to change the short title currently being used by JISPB and also allocate a block of numbers to conform to the distribution policy of Registered Publications Section. Comdr. Bailey will discuss this matter with R.P.S. again and report to the Board the suggested revised arrangements.
7. 25X1A9a [REDACTED] indicated that he felt the widest possible distribution in the shortest possible time should be a basic principle in distributing JANIS and, inasmuch as they contain static material, some of which rapidly becomes out of date, he suggested that some provision should be made for allowing foreign outposts to distribute copies quickly and directly to qualified personnel. (The Secretary made the observation that static material would not rapidly become out of date.)

Meeting adjourned.
